Color selection tool interface showing a color bar and various color codes:

- HEX: #ffa245
- RGB: 255, 162, 69
- CMYK: 0%, 37%, 73%, 0%
- HSV: 30°, 73%, 100%
- HSL: 30°, 100%, 64%

Primer Tono escogido.

A color selection interface. At the top, a horizontal bar shows a gradient from teal to black. A white circle is positioned on the black portion of the gradient. Below this is a rainbow-colored horizontal bar with a teal circle indicating the selected color. Underneath are four input fields for color codes: HEX, RGB, CMYK, and HSL.

HEX  
#3ad4a7

RGB  
58, 212, 167

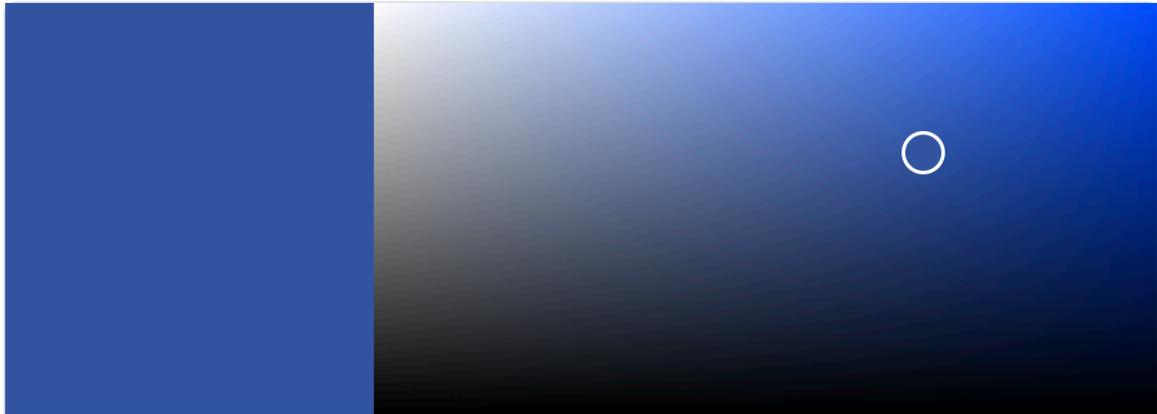

CMYK  
73%, 0%, 21%, 17%

HSV  
162°, 73%, 83%

HSL  
162°, 64%, 53%

Segundo tono escogido.

A color selection interface featuring a horizontal gradient bar with a blue circle indicating the selected color. Below the bar is a white box containing the HEX code #3255a4. Underneath are four smaller boxes displaying the color's values in different color models: RGB (50, 85, 164), CMYK (70%, 48%, 0%, 36%), HSV (222°, 70%, 64%), and HSL (222°, 53%, 42%).

HEX  
#3255a4

RGB  
50, 85, 164

CMYK  
70%, 48%, 0%, 36%

HSV  
222°, 70%, 64%

HSL  
222°, 53%, 42%
